VANQUISH TABLETS

from Turf Fuel™

Feel like you're always chasing LDS? Vanquish Tablets use a unique multiple polymer surfactant system to provide maximum water efficiency. Vanquish Tablets make use of three diverse polymers that collectively provide consistent and uniform hydration. Each polymer contributes to the overall performance; providing key functions in wetting, rewetting and penetration.

Benefits:

- Penetrates water into dry and hydrophobic areas.
- Moves moisture through entire root zone.
- Superior 3 polymer performance.
- Safe to use on fine turf.
