DISTANCE

120-DAY SEASONAL WATER CONDITIONER

DISTANCE is a new advancement in the use of multiple branching polymer technology. **DISTANCE** provides a true 120 days of improved water rewetting behavior. **DISTANCE** is perfect for fairways, approaches, driving ranges, tee boxes, south west exposures, and other areas where rewetting can be challenging.

No Burn | Season-long Conditioning | New Application Regiments

Application Instructions:

120-day Preventative (model 1)

Apply 8 fl. oz. / 1,000 sq. ft. • Reapply 8 fl. oz. / 1,000 sq. ft. after 14-60 days.
