

VANQUISH

SOIL SURFACTANT TABLETS

VANQUISH TABLETS are specifically designed to improve the penetration and dispersion of hand watering and the spot treatment of severely affected areas through, proper hose-end applicators. Repeat applications as necessary. **VANQUISH TABLETS** are inserted into the applicator vessel of the hose-end device and as water pours over the tablet, it slowly dissolves. Rate of dissolution will depend upon water pressure and temperature. One tablet should be enough to cover one golf green in 20-30 minutes or alternatively, spot treat 6-7 golf greens.

CONTAINS NON-PLANT FOOD INGREDIENT(S):

100.00%.....Blend of polyhydroxyethyl
alkoxy ethylene oxides

TOTAL.....100%

CAUTION: Avoid contact with skin, eyes or clothing.
FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
