Application Rates:

Applications	Rates & Comments
Cool and Warm-Season Turf	4-8 oz. per 1000 ft. sq.
Use weekly or biweekly throughout growing season. Use higher rates for treating known deficiencies.	
Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rains are expected.	
In Maryland, Virginia and New York, this lawn/turf fertilizer contains phosphorous and is only for nonagricultural use on (i) turf during its first growing season, (ii) on turf areas being repaired or renovated, and (iii) on turf where a soil test performed within the last 3 years indicates a phosphorous deficiency. This fertilizer is not for the routine maintenance of turf.
