

MOISTURE MAGNET SOIL MOISTURE RETENTION AID

MOISTURE MAGNET can be used throughout the growing season. This proprietary formulation is especially useful during periods of reduced or inconsistent moisture. Because of the unique blend of polymers and moisture retention compounds, **MOISTURE MAGNET** is not a substitute for irrigation, but it does have the ability to retain moisture and enhance the efficiency of irrigation.

CONTAINS NON-PLANT FOOD INGREDIENT(S):

Polymerized Resins.....63%
Di-Octyl Sodium Sulfosuccinate.....6.7%
Water & other Inerts.....30.30%
TOTAL100.00%
