PRODUCT INFORMATION

TERGO is a concentrated dual purpose cleaning agent. Apply directly to tough stains as a RTU, and diluted to remove daily to remove daily maintenance of tank pigment/dye/oil stains and general hard to remove stains. Perfect for most surfaces that come into contact with spray equipment.

DIRECTIONS FOR USE

TERGO IS SUPER CONCENTRATED, and can be applied directly to tough stains as a RTU. Apply as a mist and allow to soak for 1-2 minutes, scrub then rinse. If stains remain, reapply and repeat process. For normal (external) tank stain removal dilute 50/50 with water. Apply, allow to soak for 1-2 minutes, scrub and rinse, removes pigment and other stains fast.

For internal tank cleaning of pigment/spray dye and stain removal aid. Apply 2 quarts in 100 gallons of water, circulate for 10 minutes, clean and rinse. *TERGO* is safe for rinsate disposal, always follow local, state and federal guidelines for proper disposal of rinsates.

SHAKE WELL BEFORE USING

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition.

DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best method of disposing containers if allowed by law. The Agriculture Container Recycling Counsel (ACRC) operates the national recycling center program. To contact your state and local ACRC visit the ACRC website at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.
